

Preparing World Class Citizens

excellence & accountability PROGRAM

In 1991, district residents, parents, administrators, faculty and staff began working to develop standards of excellence for all students. The committee established a mission statement and a set of outcomes that all children must demonstrate at the end of grades four, eight and 12.

They are as follows:

- ★ We value integrity, excellence, self worth, caring, inclusion, individuality, responsibility, security, cooperation, learning and optimism.
- ★ Each student will demonstrate the ability to work with others to reach common goals.
- ★ Each student will demonstrate self-esteem.
- ★ Each student will demonstrate mastery of all essential learner objectives at all levels of thinking.
- ★ Each student will demonstrate the ability to make responsible choices.
- ★ Each student will demonstrate the skills to acquire, interpret and transmit information.
- ★ Each student will demonstrate personal visions and plans to achieve them.
- ★ Each student will demonstrate the understanding, respect, and acceptance of people with different race, sex, ability, cultural heritage, national origin, religion, and political, economic, and social background, and their values, beliefs, and attitudes.
- ★ Each student will demonstrate the use of a second language.
