

FISCAL MANAGEMENT GOALS

The Board of Education recognizes excellent fiscal planning as a key factor in attaining the District's educational goals and priorities. The Board seeks to engage in thorough advance planning of budgets and to devise expenditures which achieve the greatest educational returns given the District's available resources.

The Superintendent will put in place procedures which are consistent with Education Law, the Commissioner's Regulations, State Comptroller's Regulations, and Local Finance Law in developing sound business management, budgeting and financial practices.
