Francis is part of the nationwide pool of Finalists, representing less than 1% of the U.S. High School Seniors who have an opportunity to continue in the competition for 7,500 National Merit Scholarships worth more than \$32 million.

The National Merit Program is an academic competition for recognition and scholarships that began in 1955. High School students enter the Program by taking the PSAT/National Merit Scholarship Qualifying Test which serves as an initial screen of approximately 1.6 million entrants each year and by meeting program entry and participation requirements. The Finalists are evaluated on their academic record, information about the school's curricula and grading system, two sets of test scores, the High School official's written recommendation, information about the student's activities and leadership, and the Finalist's own essay.
