4. NEW BUSINESS

Dr. Perry wanted to give an update regarding winter sports. Low-risk sports are beginning the registration process. There will be off-season conditioning for high-risk sports. Mr. Guardino and the Coaches will continue to monitor the state guidance and report any changes.

5. OLD BUSINESS

Mr. Ryan requested an update on the locations being considered for the Bus Garage/District Office relocation. Ms. Fisher reported that the funding for the Bus Garage portion would be aidable but not for the District Office portion. Ms. Fisher has reached out to our Fiscal Advisors and asked them to do some estimated calculations and she will review the estimate at the next Facilities Committee meeting and then will review with the full Board. She has also reached out to our legal counsel to see what steps we would need to follow if we were to make an offer.
Mr. Johanning wanted to thank the administration, staff, and students for the BOE recognition gifts and student drawings. He also attended the NYSSBA conference remotely. There were a couple of resolutions that the District were in favor of but that NYSSBA had not recommended in regards to BOCES services. Overall, he felt the conference was very well done. He also mentioned that he had spoken to Dr. Perry about putting parent representatives on some of the non-board committee and that Dr. Perry is in the process of putting a list together of who is on the committee. Dr. Perry stated that he should have that list to Mr. Johanning tomorrow. Mr. Johanning pointed out that it is our strategic plan to involve parents as a partnership. He feels the Parent and Family Engagement Committee is a good example of that.

6. COMMUNICATIONS

A. Requests to Speak:

1. Theresa Pollack wanted to thank the Board for moving forward with the UPK program this year. Dr. Perry thanked Ms. Pollack for her feedback.

2. Karoline Ryan asked for an explanation as to why a 2-hour delay may result in virtual academy students starting 2 hours later than normal. Dr. Perry explained that the majority of our virtual academy teachers are working on school based sites. The delay would allow for safe travels. However, in all likelihood, a 2 hour delay this year would move the school to a fully remote format for both in-person and virtual students to avoid the travel concerns. In the event of a delay, the school day would still end at the regular bell time. We would just have shortened instructional periods.

3. Karoline Ryan stated that the fact that students are not guaranteed an in-person spot in February is disheartening and that both her and her husband do not have approval to work from home in February. Dr. Perry stated that right now we have approximately 240 K-6 students who have requested to return in-person January 29th. We will also open the survey up again next week. Because the metrics have not changed and the social distancing guidelines have not changed, we do not have the capacity to bring a large number of students back in. We are looking at ways to expand and reimagining the use of large spaces such as gymnasiums and cafeterias. In reality, we are not going to be able to accommodate every request that comes in.

4. Brennan Orlando inquired about UPK funding and asked when a decision would be made. Dr. Perry stated that unfortunately we do not have information from the state whether UPK grant will be fully funded at this time. We will be looking at early January to make a determination on whether to continue the UPK program through local funds or having to make some type of modifications. There are still very limited updates on state funding.

14. RESOLUTION – RETENTION AND DISPOSITION SCHEDULE FOR NEW YORK GOVERNMENT RECORDS

RESOLVED, By the Board of Education of the South Colonie Central School District that Retention and Disposition Schedule for New York Local Government Records, issued pursuant to Article 57-A of the Arts and Cultural Affairs Law, and containing legal minimum retention periods for local government records, is hereby adopted for use by all officers in legally disposing of valueless records listed therein.

FURTHER RESOLVED, that in accordance with Article 57-A:

a) only those records will be disposed of that are described in Retention and Disposition Schedule for New York Local Government Records after they have met the minimum retention periods described therein;

b) only those records will be disposed of that do not have sufficient administrative, fiscal, legal, or historical value to merit retention beyond established legal minimum periods.

Summary:
The above resolution designates that the newly released NYS Archives Local Government Record Retention Schedule, the LGS-1, is replacing the ED-1 (Last Revised 2004) as the guide that school districts & BOCES will be required to follow and use for the retention and/or disposition of their official government records and documents as of January 1, 2021, which is the date that the ED-1 will officially and permanently be retired. The new schedule must be adopted by a school district’s or BOCES Board of Education by January 1st to be able to lawfully dispose of records regardless of format at the appropriate disposition point based on the retention guidelines detailed in the new schedule. Some retention periods within the new schedule have been amended from the length of time that the ED-1 previously ascribed to certain record series. Upon adoption of the LGS-1, those amendments will be applied to those particular record groups overwriting the retention period that the ED-1 had previously assigned to them, potentially leading to new disposition dates (if not designated as permanent) that will be noted in both records inventories already in the district’s possession and appropriately assigned to newly created records going forward. The adoption of the new LGS-1 schedule and any amended rules does not affect any records series disposed of lawfully through the use of the ED-1 schedule up to January 1, 2021 or when the schedule has been formally adopted by the Board of Education before that date.
