4. NEW BUSINESS

Ms. Gigliello wanted to thank everyone involved in the chili cook-off at the High School. She said it was wonderful and despite the weather, there was a great turnout.

Mr. Keane could not attend tonight but had asked Ms. Gigliello to share his new business items. He wanted to second what Ms. Gigliello said and thank everyone involved for all of their hard work at the chili cook-off.

He also had a conversation with a parent associated with the wrestling program who was looking to gain 1,000 followers to their YouTube page so that the matches could be broadcasted from a mobile device. They also mentioned that the camera in the MUG is not able to be moved from the MUG. What would be needed to provide a balance in steady of programming
that YouTube provides compared to Facebook. Dr. Perry stated that we are learning a lot about each of the platforms. The mobile platforms for the most part is Facebook live. The YouTube is part of our huddle camera program which currently is mounted in the gymnasium. So that is available when matches or games are being played. The cameras are specifically designed for recording of games. Some of our events are involving multiple locations and in that case, we are utilizing a mobile hotspot so often times that is utilizing Facebook. YouTube has some restrictions on the number of events you can livestream at the same time, unless you have 1,000 subscribers. He believes that was the reason that wrestling was seeking that. Some other area school districts were trying to do the same thing. It just may not be feasible in the short time frame. The huddle cameras are ones that we could look at continuing to expand upon. There is a cost to that. The ones that were mounted in the gymnasium were mounted there because that is the most common area for larger events. We did utilize Facebook live for the bowling matches. Our student committee (CHAMP) has been the source for many of the talent that is helping to livestream these events. They have been doing a great job. However, right now we do not have cameras mounted anywhere other than the gymnasium.

Mr. Johanning attended New York State PTA Advocacy Summit last weekend. He said there was very good explanations on budget topics. He stated he was on the line with Mr. Breslin and his staff today talking about some of the issues that the PTA was advocating for. He also saw a request from NYSSBA this week for a survey for advocacy priorities and he would suggest the Board take a look at that and come up with one answer instead of him doing it and having a different answer than everyone else would have liked.

Mr. Johanning attended the Friends of Music club last week and a question that came up was are there any indications as to possible building use in the summer? They are trying to come up with some programs for the kids in the music world like they have done in the past. Mr. Backus stated that he had already spoken with them regarding this and asked them for an outline of what they were looking to do so we could work with them on space. Dr. Perry stated that he had spoken with CYC today regarding summer camp and we are looking at summer building usage and trying to determine the size of the groups. We are still under restrictions on size limitations and social distancing but we do think we will be able to accommodate groups provided they can be flexible. We are also looking at ways to enhance a return to music and drama and we are working with the department supervisors and will have more information in the coming weeks to determine what we can do to facilitate some additional supports for our students. Mr. Johanning also wanted to thank the Colonie High School PTSA for putting on the mindfulness program. It was very well done!

Mr. Ryan spoke in regards to building use for the summer and that we will need to coordinate that with the work that is planned or going to be planned for summer construction and improvements. Dr. Perry stated that we are working with that with Cindy Lupe and the Facilities department, who normally coordinates that for both our summer programs and also our athletics requests.
5. **OLD BUSINESS**

Safe Schools Committee

A motion was made Ms. Gizzi and seconded by Mr. Casey, to reconsider the vote on the motion from the February 9, 2021 meeting relating to adding parents to the Safe Schools Committee, be approved.

8  Yes       0  No       0  Abstain  |  Vote Carried: 8 – 0 – 0

Amber Lanigan, District Clerk, stated that on February 9, 2021, a motion was made by Mr. Johanning to add two parent members to the Safe Schools Committee effective 3/1/21, the two parents should have children in the schools and represent at least two different levels (P-4, 5-8, and 9-12), the parents should not be employees of the school district and should not be another designated representative (BOE, police, fire, etc.). Ms. Lanigan stated that the motion is now on the table and can be discussed or amended.

A motion was made by Mr. Johanning and seconded by Ms. Cogan, to amend the motion and strike the reference to two parents and change it to three parents, strike the reference to at least two difference levels and change it to all three levels, and strike effective 3/1/21 and make effective immediately, be approved.

6. **COMMUNICATIONS**

A. **Requests to Speak:**

1. Marc Phillips questioned why the district is disrupting the students’ day to administer rapid COVID tests if the regional infection rates are below 2%. Dr. Perry stated we have finished the start of our surveillance testing. As of today, we have tested about 550 students and staff members. We have had one positive. We have used this as a proactive measure. There was no costs for the rapid tests as they were provided by the state. We were able to test during arrival for elementary students and at the end of the day for the middle and high school so they were put pulled out of classes. We do no anticipate continuing to test students if they have been tested at this particular time.
