CORE VALUES

We Believe:

* That all children can learn.
* In educating the whole child so he/she can meet the District’s Standards.
* In focusing on student achievement.
* In providing a comprehensive and enriched curriculum for all students reflecting the needs and available resources of the community.
* That the combined commitment of the Board of Education, staff, families, students, and community is the key to educational success.

MISSION STATEMENT

Preparing successful contributing citizens of the world through school, family and community partnerships, while addressing the diverse needs of all students.

A motion was made by Mr. Ryan and seconded by Ms. Gizzi, that the minutes of the Regular Meeting of March 16, 2021 be approved.

8 Yes 0 No 0 Abstain  Vote Carried: 8 – 0 – 0

4. NEW BUSINESS

Mr. Ryan inquired if there were any updates on the potential relocation of the bus garage/district office land purchase. Ms. Fisher stated that we have been working with the engineer and our law firm to try to determine what the next steps in the process will be. The recommendation was made that we should wait until after voter approval before we try to get all of the information together to go to the village. The plan right now is to gather all of the necessary information so that as soon as we have voter approval on May 18th, we will be able to proceed.
Mr. Kiehle inquired who was in charge of the Pine Bush Preserve and if we would have to converse with them about what we are going to do. Ms. Fisher stated that yes, we are going to have to do that. It is the Pine Bush New Karner Blue Butterfly. This will require some kind of conversation in order to get the necessary permits. Lots of steps to take.

Ms. Gizzi inquired to how it is looking regarding the entrance for all of the school district traffic on the Jupiter side of the property. Ms. Fisher stated she does not know if we have made a lot of progress on that to determine where that would be. These are some logistical things that we will have to work through but we do not have updated information right now. Mr. Sim stated that the engineer that was there that day said that he did not think that part of the roadway was a village road so Mr. Sim went back and looked at the village records and determined that it is listed as a village road. Ms. Fisher stated that they need to do a little more research on that and get updated maps and then try to determine where the most appropriate entrance should be.

Mr. Johanning attended the Sand Creek PTA meeting and stated that Mr. Marohn was getting many questions and was giving answers that started with “As of now...”. Mr. Johanning suggests that as soon as we know anything we get that information out to Mr. Marohn so he can get messaging out to families. This would apply to all schools and not just Sand Creek. Dr .Perry stated that we will do that and that we are working on graduation/end of year ceremonies. The Senior class task force is meeting next Monday for the first time and the reopening organization committee is meeting on April 22nd to review the 2021-2022 school year so we anticipate guidance coming out shortly after.

Dr Perry stated that in regards to the school calendar, two dates to be aware of are May 18th and May 28th. May 18th is our annual school budget vote and we are considering a half day instructional day to provide for COVID relief from our elementary buildings so that families can come in and vote and we will be messaging that information out by the end of the week. May 12th is a snow day contingency day. We do have one snow day available so that day will be a non-school day for all South Colonie students. We will message this out to our staff and students by the 15th. We do not anticipate additional learning days throughout the remainder of the year.

5. OLD BUSINESS — No old business to report.

6. COMMUNICATIONS

A. Requests to Speak:

Graham Knowles asked what the District is doing to diversify the hiring of future administrative positions. Dr. Perry stated that he did respond to Mr. Knowles by email. He stated that we are looking at all positions as we are actively seeking the best qualified applicants for the positions. We are constantly looking for ways to diversity our candidate pool. So in addition to our efforts to recruit qualified candidates for all teaching and administrative positions, we are also seeking to diversity our population for support staff positions as well. As you can imagine, finding qualified candidates is always a challenge and finding diverse candidates is an even greater challenge for our District. We have taken
multiple steps in recent hiring. We have been able to recruit and hire several outstanding teachers of color. We are continuing to draw from a larger pool of candidates. Mr. Robiltotti most recently attended the Martin Luther King job fair to try to look at some support staff positions and get the word out. Again, we are looking for the best qualified candidates, regardless of race, creed, color, or origin. But we are also looking to diversify our population of staff members. As that candidate pool deepens, we will continue to do outreach and advertising to reach a wider range of recruitment efforts. And once we have them in the District, part of that process is welcoming them and making sure they are acclimated well. It is a multi-year process to retain them. One of the reasons we are very fortunate in retaining staff is that we do value promoting from within. The two administrative positions that are before the board tonight are examples of this.

Graham Knowles wanted to express thanks to Tom Kachadurian for his announcement at the PTSA meeting regarding the foreign language requirement and additionally expanding pathways for our students. We thank Graham for his comment.
